## Detailed Features

AISI 304 stainless steel

Barazza products are made of high-quality AISI 304 stainless steel, which guarantees resistance to stress, long-lasting durability and ease of cleaning.

Extra-thick AISI 304 stainless steel

Barazza uses thick AISI 304 stainless steel, which is fully recyclable, corrosion-resistant, durable and highly hygienic.

# Installations

## Installation Method

Flush-top

Ensures perfect alignment with the worktop

Flat edge built-in

The edge is perceptible only to the touch and makes installation easy.
