

120 cm B_Ambient ceiling cooker hood

1KBAS12

Description

- AISI 304 stainless steel
- perimeter extraction
- optional filter extraction
- speeds: 3 + intensive speed
- air flow: 1000 m³/h
- pressure: 409 Pa
- noise level: 41-72 Lw(dBA)
- extractor outlet: \varnothing 150 mm
- + reducer \varnothing 120 mm
- lighting: 3000 K LED strip lighting
- Soft-Touch electronic controls
- filters: stainless steel
- functions: filter maintenance warning, air circulation
- remote control included
- energy rating B
- set up for remote control
- from Barazza scales
- maximum absorbed power: 0.3 kW
- 117x47.6 cm cut out

Plus

Detailed Features

AISI 304 stainless steel

Barazza products are made of high-quality AISI 304 stainless steel, which guarantees resistance to stress, long-lasting durability and ease of cleaning.

LED lighting

Durable and efficient, LED technology provides perfect illumination while maintaining low energy consumption.

3 speeds + intensive extraction

3 speeds + intensive extraction

Three adjustable speeds plus one intensive mode that ensures even faster extraction of cooking fumes.

Stainless steel filters

Stainless steel filters stand out for their excellent performance and refined, distinctive design.

Hood and scale connection

All Barazza hoods can be connected to the built-in scale or to the scale integrated in accessorised channels, transforming it into a true remote control for the hood.

Filter maintenance alert

The cooker hood automatically alerts the user when it's time to clean or replace the filters, ensuring proper operation.

Perimeter extraction

Extraction speed increases by reducing the intake surface (Venturi effect); the central panel slows the air flow, enhancing quietness.

Motor power

Barazza hoods have a flow rate of 800/1000 m³/h, which allows for optimal extraction of cooking fumes.

Air exchange function

When activated, the hood switches on automatically for 10 minutes every hour at a medium speed to ensure constant air renewal.

Remote control

The remote control supplied with Lab Evolution, B_Draft and B_Ambient hoods allows users to activate the LED light and select the desired speed.

Module width 120 cm

Barazza cooker hoods are available in various widths to fit the most common standard kitchen modules.
