Detailed Features

Extra-thick AISI 304 stainless steel

Barazza uses thick AISI 304 stainless steel, which is fully recyclable, corrosion-resistant, durable and highly hygienic.

Stainless steel knobs

Made of stainless steel, Barazza hob knobs are robust, pleasant to the touch and allow smooth, precise power regulation for burners or induction zones.

Barbecue

Electric barbecue, with lava rock that absorbs fat and prevents the formation of smoke, guarantees a cooking quality similar to traditional grilling.

AISI 316 stainless steel

Elements made of AISI 316 stainless steel, a fully recyclable, durable and highly hygienic material, extremely resistant to weather and salt.

Ergonomic handle

Allows for easy and ergonomic grip

Installations

Installation Method

Freestanding Thalass

Total freedom of placement for a versatile, high-performance outdoor kitchen, with no need for built-in installation.
