## Plus

### Detailed Features

Extra-thick AISI 304 stainless steel

Barazza uses thick AISI 304 stainless steel, which is fully recyclable, corrosion-resistant, durable and highly hygienic.

Stainless steel knobs

Made of stainless steel, Barazza hob knobs are robust, pleasant to the touch and allow smooth, precise power regulation for burners or induction zones.

Barbecue

Electric barbecue, with lava rock that absorbs fat and prevents the formation of smoke, guarantees a cooking quality similar to traditional grilling.

AISI 316 stainless steel

Elements made of AISI 316 stainless steel, a fully recyclable, durable and highly hygienic material, extremely resistant to weather and salt.

Module width 120

Barazza hobs are available in various widths designed to fit the most common standard kitchen unit modules.

# Installations

## Installation Method

Thalas edge built-in

Thalas built-in hobs can be installed on any type of worktop, whether in stainless steel or other materials.
